SUMMARY OF THE REASONS FOR DECISION:

The DVD *Scary Movie 2* is classified as:
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years.

Scary Movie 2 contains a title previously examined and classified as a 35mm film by the Office of Film and Literature Classification. The 35mm film was classified as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years", with the descriptive note "Contains offensive language and sexual themes". This decision was dated 16 August 2001.

The DVD version of *Scary Movie 2* contains additional material comprising two notices, still images from the feature, deleted and alternate scenes and background information about the making of *Scary Movie 2*. There is nothing in the DVD version that requires an alteration to be made to the classification given to the 35mm film version of the publication. Therefore the previous classification of *Scary Movie 2* as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years" is appropriate, with the same descriptive note.
